

BCPS Magnet Programs High School Programs

Law & Public Policy

This program provides opportunities for college-bound students to investigate topics and hone skills in law and public policy as they develop strong communication, writing, and presentation skills. The Gifted and Talented as well as Advanced Placement course work incorporates the use of technology and independent student research. Students participate in field experiences and job shadowing opportunities in law and government professions. Internships are available for seniors.

*-available at Eastern Technical High School (ETHS)
and Towson High School (THS)*
