

## BCPS Magnet Programs Middle School Programs

### Science & Engineering

Students explore a variety of aspects of engineering through Project Lead The Way - Gateway to Technology ® in Grades 6 and 7. In Grade 8, students focus on the study of aquatic science.

*Students have the opportunity to earn high school credit in Aquatic Science by successfully passing the course. This credit applies toward non-graduation requirement credits.*

*-available at Southwest Academy (SWA)*

#### **Southwest Academy**
