Geographic location and transportation availability should be considered when applying to magnet programs.

## TRANSPORTATION:

Baltimore County Public Schools provides transportation to and from elementary school magnet programs for students who reside within the established transportation zone of the magnet program. Some transportation is arranged as shuttle service from the home school location. This may require students to ride the regular neighborhood bus or to walk to the home school, where they are picked up and transported to the magnet program.

Schools will notify parents of specific transportation provisions prior to the opening of school.

Transportation is not provided by Baltimore County Public Schools outside of the established transportation zone of a magnet program.
