

BCPS Magnet Programs High School Programs

Culinary Arts[‡] / Baking & Pastry^{*‡}

This program offers specialized pathways in:

Culinary Arts

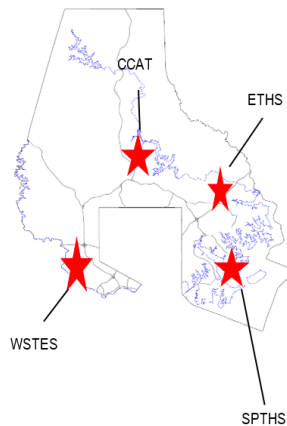

This program partners with the American Culinary Federation (ACF) to prepare students for successful careers in professional cooking. The program includes hands-on education in food production, while developing professionalism and proficiency in cooking, baking, cost control, nutrition, sanitation, and food marketing. Students in this program gain practical experience through clinical experiences through school-based enterprises and/or work-based learning in the culinary industry. Students may be eligible to earn ACF's Certified Fundamentals Cook (CFC) credential along with ServSafe certification.

Baking and Pastry^{*‡} (available only at Sollers Point Technical High School)

This program provides students with instruction in advanced bakery production of breads and desserts, basic food and bakeshop production, service skills, and human relations, utilizing the American Culinary Federation (ACF) guidelines. Students may be eligible to earn ACF's Certified Fundamentals Pastry Cook (CFPC) credential along with ServSafe certification.

** Articulated college credit may be earned from Anne Arundel Community College.*

‡ Students may earn a minimum of four MSDE Career & Technical Education (CTE) credits for graduation.

-Culinary Arts is available at Eastern Technical High School (ETHS), G.W. Carver Center for Arts & Technology (CCAT), Sollers Point Technical High School (SPTHS), and Western School of Technology and Environmental Science (WSTES).

-Baking & Pastry is available at Sollers Point Technical High School (SPTHS).
