

BCPS Magnet Programs High School Programs

Early College *

This program provides students with a college preparatory program that combines high school and college in a supportive, yet rigorous educational environment. Through a partnership with the Community College of Baltimore County, students will have the opportunity to simultaneously earn a high school diploma and an Associate of Arts in General Studies degree or up to 60 credits toward a Bachelor's degree, which may be eligible for reciprocal credit at a four-year college or university. Students will earn credits through course work completed at both the high school campus and/or at the community college campus. College credits are tuition free.

** Articulated college credit may be earned from the Community College of Baltimore County.*
